

SAMAD SHAIKH

Data Analyst

+91 8082335054 | [Gmail](#) | [LinkedIn](#) | [GitHub](#) | Mumbai

TECHNICAL SKILLS

- **Programming Languages:** C++, Python
- **Databases:** SQL (SQL Server).
- **Libraries:** Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn.
- **BI and Data Platforms:** Power BI, Microsoft Fabric
- **Tools:** Microsoft Excel, GitHub, Jupyter Notebook.
- **Concepts:** Exploratory Data Analysis (EDA), Statistics, Data Modelling, ETL, Dashboard Development, Data Visualization, Star Schema, Object-Oriented Programming, Power Query.

PROJECTS

Revenue Intelligence Dashboard | [Link](#)

- Developed an end-to-end business intelligence solution to analyse retail performance across markets, products, customers, and operations.
- Analysed 62K+ retail transactions across 5 years, 8 countries, and 15,000+ customers to measure sales, profit, customer behaviour, and delivery performance.
- Developed DAX-based KPIs to monitor sales, profit, orders, customer spending, delivery performance, and YoY growth.
- Analysis revealed that the USA generated over 50% of total revenue, suggesting scope for geographic expansion
- Customer segmentation showed that only a small number of customers made high-value purchases, supporting targeted marketing
- **Tools:** Python, Pandas, SQL Server, Power BI

Financial Portfolio Prediction Platform | [Link](#)

- Developed a Financial Advisory Platform that generated personalized investment allocations across Stocks, Bonds, ETFs, and Crypto based on an investor's financial profile.
- Trained a machine learning model on 1,000+ investor profiles, producing portfolio recommendations with an average difference of only 3.5 percentage points from the target allocations.
- Built a website where users can generate personalized investment recommendations, with a secure tracking system that maintains user privacy.
- Developed a dashboard to analyse user preferences and portfolio recommendation trends, helping stakeholders understand user behaviour and investment patterns.
- **Tools:** Python, Pandas, Machine Learning, Streamlit, Power BI.

Education

Bachelor of Technology– Artificial Intelligence and Data Science – 8.3 CGPA Jun 2023 – Jun 2026
Thakur College of Engineering and Technology (Mumbai, India)

Diploma - Information Technology – 88.08% Jun 2020 – Jun 2023
Government Polytechnic Mumbai (Mumbai, India)

CERTIFICATIONS

- IBM Data Analyst Professional Certificate – [Link](#)
- Microsoft Power BI - [Link](#)
- Fundamentals of Database Management System - [Link](#)
